Continue writing your story below. Once you get to the Climax, Act 2 will be over.

When we got to the parkour place, Midnight and Luna were so excited, that they started doing parkour the second the came inside!!! Midnight and Luna love parkour a lot. I looked around to see if any obstacle course interested me, and I found one. It was HUGE!!! I asked Luna "Hey Luna, why don't we try this one out? It looks like A LOT of fun to me!" When Luna saw the course, her eyes were wide. Luna was the first to try the course. When she got to the second stage of the obstacle course, she fell! We were worried. But then Luna got back up and tried going up the obstacle course again, but she couldn't do it.
